

## **Road Closure Notice for Delveland, Westmoreland**

The National Works Agency (NWA) is advising motorists that the Delveland main road, in the vicinity of the Kings Valley Bridge, Westmoreland has been closed. The roadway has been closed to facilitate the replacement of the bridge, which has been damaged.

Motorists travelling from the direction of Savanna la Mar, heading towards Delveland are therefore being advised to travel via New Hope, through St. Paul's and then on to Delveland. The reverse obtains for motorists travelling to Sav-la-mar from the direction of Delveland.

The NWA says that the project which is valued at J\$7 million is being completed under the Agency's billion dollar R.A. Murray Bridge Programme. This project is expected to be completed by December 23, 2008.
